Electric cars and hydrogen cars up to 6,0 meters

Electric cars larger than 6 meters pay 50% of the fare for regular vehicles.

	Regular price	AutoPASS-tag 10 % discount	AutoPASS-tag and private agreement 50 % discount	AutoPASS-tag and business agreement 40 % discount
Electric cars and hydrogen cars up to 6,0 meters	290 kr	261 kr	145 kr	174 kr

MC, ATV, Moped, Threewheel-MC

	Regular price	AutoPASS-tag 10 % discount	AutoPASS-tag and private agreement 50 % discount	AutoPASS-tag and business agreement 40 % discount
MC, ATV, Moped, Threewheel-MC	168 kr	151 kr	84 kr	101 kr

Passenger car with trailer up to a total of 6 meters and weight under 3501 kg.
The limitations above also apply to electric cars, and the price is calculated using electric car prices.

Up to 6,0 meters		Passenger car fare x 1
6,01–10,0 meters		Passenger car fare x 2
Over 10,01 meters		Passenger car fare x 3

Passenger car over 3501 kg/6 m + trailer is registered based on total length including the trailer. See prices for vehicle length above.

Ferries in Troms use the payment system AutoPASS

Upon boarding, the ferry crew takes a picture of the vehicle's registration number and measures its length. This information is used to determine if the vehicle has an AutoPASS tag, an AutoPASS advance agreement, or is linked to FerryPay.

For a 10 percent discount, you need an AutoPASS tag.

For a 50 percent discount, you need an AutoPASS tag and an "AutoPASS for ferries" advance agreement for private vehicles.

For a 40 percent discount, you need an AutoPASS tag and an "AutoPASS for ferries" advance agreement for businesses.

To learn more about creating a discount agreement, visit www.fylkestrafikk.no/autopass

FerryPay

If you don't have an AutoPASS agreement, you can use FerryPay. We recommend using FerryPay if you are a tourist travelling by ferry in Norway. FerryPay is an automatic card payment for ferry journeys. With FerryPay, you avoid receiving invoices for each journey and can easily pay the full price on board.

Debit or credit card

It's only possible to pay with a contactless credit/debit card. If you pay by credit/debit card, you will pay the full price for the ferry journey. **Please note that you will not receive an electric car price if you use a bank- or credit card. You will have to pay the same price as regular fossil/hybrid vehicles.** If you want the electric car price you will have to pay with FerryPay. This also applies if you don't have a contactless card.

All prices are for a one-way ferry crossing.

All prices include VAT.
